

ALTERNATOR PULLEY INSTRUCTIONS

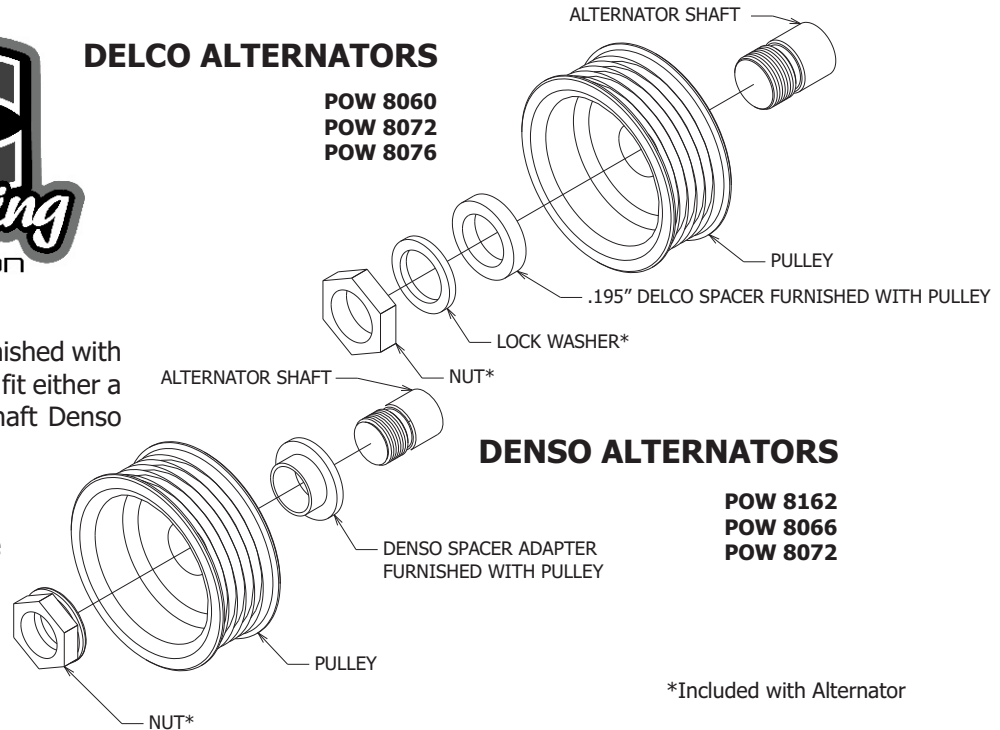

DELCO ALTERNATORS

**POW 8060
POW 8072
POW 8076**

Each 3 or 6-groove pulley is furnished with 2 spacer adapters enabling it to fit either a .670" shaft Delco or a .590" shaft Denso alternator.

6-rib pulleys may use a 6-rib, 5-rib, 4-rib or 3-rib belts because spacing is uniform between the grooves. 6-rib belts can be used in tandem around the water pump and crank to give you a double belt system.

DENSO ALTERNATORS
